## 1.0 TERMS AND CONDITIONS OF REQUEST FOR PROPOSAL

The information in this Request For Proposals [RFP] is provided in conjunction with the Schools and Libraries Division (SLD) Form 470, in partial fulfillment of the requirements for the FCC Universal Service Fund (a.k.a., "E-Rate") discounts. These programs provide discounts for certain telecommunications products and services, including (Category 1) Internet access and (Category 2) internal connections. For more information about these Federal programs, and before responding to this RFP, please refer to the SLD web site, [www.usac.org/sl](http://www.usac.org/sl). Service providers must be prepared to discount invoices to the school and submit the balance to the E-Rate program via Service Provider Invoice [SPI] forms, as specified by the SLD. Invoicing information is described in Section 1.5 Financing.

### 1.1 SUBMISSION DEADLINE & DELIVERY ADDRESS

The deadline for submission of proposals is **5:00 PM Pacific Time on Friday, January 17th, 2025**.

Proposals should be submitted as follows (all six elements are required; see Section 4.0 for more details):

1. Summary document of all equipment and costs
2. Detailed quote for all equipment and services proposed (see Section 4.0)
3. Contract for equipment and services proposed (see Section 4.0)
4. Signed Signature Page (see Appendix A)
5. Non-Collusion Affidavit (see Appendix B)
6. Signed E-rate Supplemental Terms and Conditions (See Appendix C)

Submit all six elements via email to [erate@laalliance.org](mailto:erate@laalliance.org).

Key dates for this RFP are as follows:

- RFP release date: November 26, 2024
- Questions due by email to [erate@laalliance.org](mailto:erate@laalliance.org): December 11, 2024 at 2pm Pacific
- Alliance response to questions: December 13, 2024
- Submissions due: January 17, 2025 at 5pm Pacific.

### 1.2 COSTS ASSOCIATED WITH PREPARATION OF THE VENDOR'S RESPONSE

The Customer will not be liable for any cost incurred by the respondents in preparing responses to this RFP or negotiations associated with award of a contract.

### 1.3 INTERPRETATION AND ADDITIONAL INFORMATION AND ADDENDA

Any interpretation, correction, or change of the RFP will be made by ADDENDUM. Interpretations, corrections, or changes to the RFP made in any other manner will not be binding, and the Vendors shall not rely upon such interpretations, corrections, or changes. Any changes or corrections will be issued by the Customer and will be posted online at <https://laalliance.org/about-alliance/procurement>.

## 1.4 OMISSIONS

Omissions in the proposal of any provision herein described shall not be construed as to relieve the Vendor of any responsibility or obligation to the complete and satisfactory delivery, operation, and support of any and all equipment or services.

## 1.5 FINANCING

After notification of award, the Vendor will receive order(s) for the products and services for which the Vendor will be responsible as a result of the RFP. District reserves the right to alter quantities or implementation schedules based on available resources.

All vendor invoices will show:

- The total cost of services
- The amount that is the responsibility of the Customer
- The E-Rate discount
- The Funding Request Number
- All services will be described as listed on the SLD Eligible Services List
- All E-Rate eligible services shall be invoiced separately from ineligible services, if applicable.
- The district requires the vendor to use the Service Provider Invoice (SPI form) for invoicing.

Invoices lacking any of the above points will be returned to the vendor to be completed before being accepted by the Customer for payment.

The final payment of this project will be rendered only after an extensive final walk-through at the completion of the installation. The Customer will strictly enforce the bid guidelines and the quality of the installation. Final testing will take place in the presence of a designated technology staff member.

This project is being requested for funding through ERATE. If funded, all SLD payment schedules will take priority. If the project is not funded, then local funding policies will take place. In either case, the above paragraph in project guidelines will be enforced.

If this project or any part thereof is not funded by ERATE, the Customer reserves the right to change or cancel any project. The Customer Technology Staff will notify the winning vendor if projects will require changes or cancellation due to non-funding by SLD.

## 1.6 WARRANTY

The Vendor shall fully warrant with the manufacturer's warranty all items provided under this RFP against defects in material and workmanship. Warranty information should be on a per equipment basis on the RFP and detailed in the Proposal.

Should any defects in workmanship or material, excepting ordinary wear and tear, appear during the warranty period, the manufacturer and his representative shall repair or replace such items immediately upon receipt of a written notice from the Customer.

## 1.7 PRICE QUOTATIONS

Price quotations are to include the furnishing of all materials, equipment, maintenance, shipping cost, delivery, installation, and the provision of all labor and services necessary or proper for the completion of the work except as may be otherwise expressly provided in the Contract Documents. The Customer will not be liable for any costs beyond those proposed herein and awarded. Time and materials quotes will be unacceptable.

## 1.8 RIGHT TO REJECT

The Customer reserves the right to accept or reject all proposals when the rejection is in the best interest of the Customer. The Customer reserves the right to award without further discussion.

The Customer reserves the right to reject the proposal of a Vendor who in its opinion is not in a position to adequately perform the contract or in the past has provided non-standard quality. Contracts will be awarded to the highest ranked Vendor where it is in the best interest of the Customer.

## 1.9 WITHDRAWAL OF PROPOSALS

Any proposal may be withdrawn, either personally by written request at any time prior to the scheduled closing time for receipt of proposals. All requests for proposal withdrawal must be accompanied by proof acceptable to the District which authorizes the individual requesting the proposal withdrawal to act on behalf of the Vendor. No amendment, addendum or modification will be accepted after the proposal has been submitted to the District. If a change to a proposal that has been submitted is desired, the submitted proposal must be withdrawn and the replacement proposal submitted to the District prior to the scheduled closing time for receipt of proposals. No Vendor may submit more than one proposal. No Vendor may withdraw any proposal for a period of ninety (90) calendar days after the date set for the receipt of proposals.

## 1.10 VENDOR QUALIFICATIONS

The Customer will only consider proposals from vendors that meet the following qualifications:

- Vendor must submit a complete proposal as described in section 1.1
- Vendor must possess a USAC Service Provider Identification Number (SPIN).
- Vendor must provide evidence of successful past performance in projects similar to what is requested in this document in school networks under the E-Rate program during each of the last 3 years.

## 1.11 E-RATE TERMS AND CONDITIONS

The Telecommunications Act of 1996 established a fund by which Schools and Libraries across the Country could access discounts on eligible telecommunications products and services. The program is commonly known as the E-rate Program. The eligibility for discounts on internet access, telecommunications products and services, internal connection products, services and maintenance is determined by the Federal Communications Commission (FCC). Funding is made available upon application approval by the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC), which was established by the Act. The amount of discount is based on the numbers of students receiving free and reduced price meals.

## 1.12 CONTRACT TERMS AND CONDITIONS

Alliance is looking for a 1-year contract with the option of two one (1) year extensions to align with the E-Rate funding year: July 1, 2025 through June 30, 2028. Any bids containing contract terms other than what is specified will be disqualified.

## 1.15 EVALUATION METHODOLOGY

Each proposal will be evaluated based on criteria and priorities defined by the Customer. Due to the complexity of this project, the Customer will decide the best submissions that are in the best interest of the long-term technology plan, *not necessarily the lowest price.*<sup>1</sup> Proposals will be evaluated based upon the following criteria:

Evaluation Factor	Weight
E-rate Eligible Price	40%
Coverage for Entire District	20%
Experience with Alliance College-Ready Public Schools	20%
Experience with E-rate	20%

### Description of the Evaluation Components:

- E-rate Eligible Price: 40%: The cost of the E-rate eligible goods and services. If a component has an ineligible part, the bidder must either identify the ineligible part and the dollar amount, or provide a percentage of the overall component.
- Coverage for Entire District: 20%: Evidence, including coverage maps, that indicates that hotspot service will work throughout the larger metropolitan Los Angeles area (school addresses noted in section 2.0).
- Experience with Alliance College-Ready Public Schools: 20%: Relevant previous experience with ACRPS, or in the absence of that, with a similar district/CMO.
- Experience with E-Rate: 20%: Vendor experience with E-Rate.

---

<sup>1</sup>As is required for compliance with E-Rate regulations, price of the eligible products and services will be the *highest weighted factor* but *not the only factor* taken into consideration.

### 3.0 DESCRIPTION OF REQUESTED SERVICES

All infrastructure and services requested below are in accordance with the Alliance’s technology plan.

#### 3.1 EQUIPMENT & SERVICES

Alliance College-Ready Public Schools is requesting up to 2450 mobile hotspot devices and unlimited data service for up to 2450 mobile hotspot devices. As the mobile hotspots will be used off-campus, devices should provide service up to 25 Mbps throughout the metropolitan Los Angeles area.

Item Name	Item Description
Hotspot devices	Up to 2450 mobile hotspot devices.
Hotspot service	Unlimited data service for up to 2450 mobile hotspot devices with speeds up to 25 Mbps on 5G.

#### 3.2 SERVICE REQUIREMENTS

Vendor must provide reporting for all hotspots, including active & inactive hotspot devices, daily & monthly data usage for each hotspot device, and notifications for devices that have been inactive for 60 days. Vendor should also turn off devices after 90 days of inactivity and provide a notification when this occurs. Only active devices can be invoiced for on a monthly basis. Finally, the vendor must provide CIPA filtering on each device that aligns to E-Rate requirements.

Vendor must also ensure that hotspots provide services within the metropolitan Los Angeles area. School addresses are noted in section 2.0 of this RFP.

## 4.0 PROPOSAL SUBMISSION

The deadline for submission of proposals is **5:00 PM Pacific Time, on Friday, January 17, 2025.**

A complete proposal will include the following elements:

1. Summary document with the total quantities and cost of each model of equipment;
2. Detailed quotes for all equipment and services proposed. Each line item in quote MUST include the following details:
  - a. Quantity
  - b. Description
  - c. Unit Cost
  - d. Tax (if applicable)
  - e. Shipping and/or Other Costs associated with line item (if applicable)
  - f. E-Rate Eligibility Percentage of equipment
  - g. Eligible Amount
  - h. Ineligible Amount
3. Contract for equipment and services proposed including all items listed above as well as terms and conditions and authorized signature of vendor's authorized representative.
4. Signed Signature Page (see Appendix A)
5. Signed Non-Collusion Affidavit (see Appendix B)
6. E-rate Supplemental Terms and Conditions (See Appendix C)

Submit all six elements via email to [erate@laalliance.org](mailto:erate@laalliance.org). Attachments are limited to 25 MBs. If the submission attachment is greater than 25 MBs, please either separate the email into multiple emails (1 of X, 2 of X) containing attachments less than 25 MBs or provide a cloud storage link to obtain the documents. It is the bidder's responsibility to ensure that all documents are received by the deadline.

***All six elements are required.*** It is the sole responsibility of the respondents to ensure that their responses arrive in a timely manner. The Customer has the right but not the obligation to reject all late or incomplete submissions, as the Customer determines to be in its own best interest, or to contact bidders for ministerial corrections. The Customer has the right but not the obligation to determine a short list for final negotiations and contract revisions after these dates.

Oral and telephone bids will not be considered, nor will modifications of proposals by such communication be considered. The completed proposal form shall be without erasures or alterations.

## APPENDIX C

### E-RATE SUPPLEMENTAL TERMS AND CONDITIONS

Signed copy to be returned with proposal and/or bid response (“Proposal”) in response to this Solicitation (“RFP/RFB/RFQ”).

The Telecommunications Act of 1996 established a fund by which Schools and Libraries (“Applicant” or “Applicants”) across the Country could access discounts on eligible telecommunications products and services. The program is commonly known as the E-rate Program. The eligibility for discounts on internet access, telecommunications products and services, internal connection products, services and maintenance is determined by the Federal Communications Commission (“FCC”). Funding is made available upon application approval by the Universal Service Administrative Company (“USAC”), which was established by the Act. The amount of discount is based on the numbers of students eligible to receive free and reduced-price meals.

#### **1) E-RATE CONTINGENCY**

The project herein is contingent upon the approval of funding from the Universal Service Fund’s Schools and Libraries Program, otherwise known as E-rate. Even after award of Agreement(s) and/or E-rate funding approval is approved, the Applicant may or may not proceed with the project, in whole or in part. Execution of the project, in whole or in part, is solely at the discretion of the Applicant .

#### **2) SERVICE PROVIDER REQUIREMENTS**

The Applicant expects Service Providers to make themselves thoroughly familiar with any rules or regulations regarding the E-rate program.

a. Service Providers are required to be in full compliance with all current rules and requirements and future rules and requirements issued by the FCC and USAC throughout the agreement period of any Agreement entered into as a result of this RFP/RFB/RFQ.

b. Service Providers are responsible for providing a valid Service Provider Identification Number (“SPIN”). More information about obtaining a SPIN may be found at this website: <https://www.usac.org/e-rate/service-providers/step-1-obtain-a-spin/>

c. Service Providers are responsible for providing a valid Federal Communications Commission Registration Number (“FRN”) at the time the Proposal is submitted. More information about obtaining an FRN may be found at this website: <https://fjallfoss.fcc.gov/coresWeb/publicHome.do>

d. Service Providers are responsible for providing evidence of FCC Green Light Status at the time the proposal is submitted. Any potential Service Provider found to be in Red Light Status must provide an explanation of the steps it is undertaking to be removed to Red Light Status and the expected timeframe for resolution. A Service Provider's sustained Red Light Status may be grounds for termination of the Agreement as it could prohibit the Service Provider from providing E-rate discounts in a timely manner which would cause harm to the Applicant. More information

about FCC Red and Green Light Status may be found at this website:

[http://www.fcc.gov/debt\\_collection/welcome.html](http://www.fcc.gov/debt_collection/welcome.html)

e. Products and services must be delivered before billing and E-rate discounting can commence. At no time may the Service Provider invoice before July 1, 2025.

f. Prices must be held firm for the duration of the associated E-rate Funding Year(s) or until all work associated with the project is complete (including any Agreement and USAC-approved extensions).

g. Goods and services provided shall be clearly designated as "E-rate Eligible." Non-eligible goods and services shall be clearly called out as 100% non-eligible or shall be "cost allocated" to show the percentage of eligible costs per USAC guidelines.

**h. (Reserved)**

i. In the event of questions during an E-rate pre-commitment review, post-commitment review, and/or audit inquiry, the awarded Service Provider is expected to reply within 3 days to questions associated with its proposal.

j. The awarded Service Provider is required to send copies of all forms and invoices to the Applicant prior to invoicing USAC for pre-approval. Failure to comply with this requirement may result in the Applicant placing the vendor on an "Invoice Check" with the USAC:

<https://www.usac.org/e-rate/applicant-process/invoicing/invoice-check/>.

k. Service providers must comply with the FCC rules for Lowest Corresponding Price ("LCP"). Further details on LCP may be obtained at USAC's website:

<https://www.usac.org/e-rate/service-providers/step-2-responding-to-bids/lowest-corresponding-price/>.

l. Service providers must not propose any equipment or services produced or provided by companies, their parents, affiliates, and subsidiaries, found to pose a national security threat to the integrity of communications networks or the communications supply chain as required by FCC rules. See <https://www.usac.org/about/reports-orders/supply-chain/>. Any proposed solution including Covered Equipment or Services as defined by the FCC will be disqualified. If, after award of the project it is found Covered Equipment or Services are included, the award and/or Agreement will be considered to be null and void. See <https://www.fcc.gov/supplychain> for further information on FCC requirements.

m. SPAM and/or robotic responses will not be considered valid Proposals and will be disqualified from consideration.

n. Any Service Provider proposals identifying contingency fees such as allocations for change orders, tariffs, or other speculative fees not specifically called out for in the scope and/or terms of the RFP/RFB/RFQ will automatically be included in the Proposal price and subject to evaluation

unless otherwise specified in the RFP/RFB/RFQ. Contingency fees not pre-approved by the Applicant will not be allowed.

### **3) SERVICE PROVIDER ACKNOWLEDGEMENTS**

a. The Service Provider acknowledges that no change in the products and/or services specified in its proposal will be allowed without prior written approval from the Applicant and a USAC service substitution approval with the exception of a Global Service Substitutions. See <https://www.usac.org/e-rate/applicant-process/before-youre-done/service-substitutions/>.

b. The Service Provider acknowledges that all pricing and technology infrastructure information in its Proposal shall be considered as public and non-confidential pursuant to §54.504 (2)(i)(ii).

c. The Service Provider acknowledges that its offer is considered to be the lowest corresponding price pursuant to § 54.511(b). Service Providers found not to be providing Lowest Corresponding Price (LCP) may be required to repay any identified overcharges to USAC. The Service Provider acknowledges that LCP is solely the service provider's responsibility and it will not hold the Applicant liable, or seek reimbursement from any applicant, for any appeals, commitment adjustments or funding recoveries.

d. The Service Provider attests that its offer does not violate the FCC's Supply Chain certifications included in the FCC Form 473. Supply Chain requirements and certifications can be viewed at USAC's Website: <https://www.usac.org/about/reports-orders/supply-chain/>.

e. This offer is in full compliance with USAC's Free Services Advisory <https://www.usac.org/e-rate/applicant-process/competitive-bidding/free-services-advisory/>. There are no free services offered that would predicate an artificial discount and preclude the applicant from paying its proportionate non-discounted share of costs. The Service Provider agrees to provide substantiating documentation to support this assertion should the applicant, USAC, or the FCC request it.

### **4) INVOICING**

a. The Service Provider agrees to bill and receive a portion of the payment for the provisions of goods and services described herein directly from USAC via the FCC Form 474 Service Provider Invoice (SPI). The Applicant will only be responsible for paying its non-discounted share of costs and does not intend to use the BEAR process (FCC Form 472). The maximum percentage the Applicant will be liable for is the pre-discount amount minus the funded amount as shown on the FCC Form 471 Funding Request Number ("FRN") and associated FRN Line Items and any identified ineligible costs. Upon the successful receipt or posting of a Funding Commitment Decision Letter from USAC and submission, certification and USAC approval of FCC

Form 486, the Applicant shall pay only the discounted amount beginning with the billing cycle immediately following said approval. Alternatively, should the Applicant decide that it is in the best interest of the Applicant to file an FCC Form 472, the Applicant will inform the Service Provider of its intent.

b. The Service Provider agrees that it will not invoice USAC for equipment or services that have not been delivered to and accepted by the Applicant and installed. If equipment is being drop-shipped to the Applicant and the Applicant is responsible for installing the equipment, the Service Provider may not invoice USAC until equipment is received and accepted by the Applicant.

c. All Service Provider invoicing to USAC must be completed within 120 days from the last day of service. Should the Service Provider fail to invoice USAC in a timely manner, the Applicant will only be responsible for paying its non-discounted share.

#### **5) FCC/USAC AUDITS**

The E-rate program requires that all records be retained for at least ten (10) years from the last date of service provided on a particular funding request. The Service Provider hereby agrees to retain all books, records, and other documents relative to any Agreement resulting from this RFP/RFB/RFQ for ten (10) years after final payment. The Applicant, its authorized agents, and/or auditors reserves the right to perform or have performed an audit of the records of the Service Provider and therefore shall have full access to and the right to examine any of said materials within a reasonable period of time during said period.

#### **6) PROCUREMENT OF ADDITIONAL GOODS AND/OR SERVICES AND AGREEMENT TERM**

During the term of any Agreement resulting from this RFP/RFB/RFQ, the Applicant may elect to procure additional or like goods and/or services offered by the Service Provider. Such services shall be negotiated and obtained via an official amendment to this Agreement and approval by the Applicant's Governing Board. All terms, conditions, warranties, obligations, maintenance and support of said goods or services shall have a coterminous expiration date with the original date of this Agreement. The Applicant shall not enter into a separate Agreement for said goods or services. Service Providers must state in their proposal that they acknowledge, accept and are in agreement with coterminous expiration conditions.

I, the undersigned, as an authorized agent of \_\_\_\_\_ (Service Provider Name), hereby certify that I have read the E-rate Supplemental Terms and Conditions, am fully compliant and intend to cooperate with the E-rate process as outlined above.
